

The PATT 43 vicinities

Walking from Norrköping Central Station: We recommend the beautiful walk straight up Drottninggatan. Cross Motala ström, and then follow the water southwest, through Strömparken and turn right up Västgötegatan. Or, a little more beautiful, continue to the Louis de Geer Concert and Congress. Pass it and immediately turn right through a large portal (The Louis de Geer Gate) and continue straight up towards Arbetets Museum and the City Museum. Out onto Västgötegatan and then left up towards Skvallertorget (The Gossip Square). It is a walk that takes about 20 minutes at a leisurely pace.
